- A&A/CISSO Cybersecurity
- Unified Telephony

SEWP V

www.sewp.nasa.gov

SEWP V is Easy to Use

Request for Quote (RFQ), Request for Information (RFI), and Market Research Request (MRR)

The recommended method is using the SEWP Quote Request Tool (QRT) available on the SEWP website (sewp.nasa.gov). Use of this tool assists in providing and documenting Fair Opportunity, and verifying and assuring items quoted are on contract and properly priced.

End User or Contracting Officer

1. Determines Best Value Through Market Research
2. Creates Delivery Order (DO)—Cites NASA SEWP Contract Number and Prime Vendor
3. Sends order with cover sheet to NASA SEWP Portal, either by fax to 301-286-0317, or via email to sewporders@sewp.nasa.gov. A SEWP Fax Coversheet or similar should accompany all DOs
4. Sends Order to NASA SEWP Portal online: sewp.nasa.gov

NASA SEWP Portal

1. Verifies Order
2. Forwards Valid Orders to the Appropriate Contract Holder
3. Process time usually less than 1 business day through SEWP Portal

SEWP Vendor

1. Processes Order
2. Delivers Equipment and Services
3. Invoices Agency or Contractor

The Order Bundle Must Include the Following:

- Delivery Order (any valid Government DO is allowed)
- Quote from a SEWP Contract Holder verifying the viability of the order
- SEWP Fair Opportunity Form for orders over \$5 Million

If modifications are made to any order, they must also route through the SEWP Portal.

NASA SEWP V Surcharges (included in product pricing)

Order Amount	Fee Percentage
Any	0.39%

All orders should be accompanied by the SEWP Fax Cover Sheet that is available on: sewp.nasa.gov

Source: sewp.nasa.gov/ordering.shtml

The Advantages of SEWP V

- Pre-Competed Contract—no need for “three quotes”
- Low 0.39% Contract Fee for government agencies
- No Military Interdepartmental Purchase Request (MIPR) required
- Professional services related to product integration, installation and training

HMS TECHNOLOGIES, INC. is a CVE-certified Service-Disabled Veteran-Owned Small Business (SDVOSB)
